## How to Activate Your New Mailbox

At your own phone dial the Voicemail extension number or press Vmail:

Your answer to the questions will be  
**1 for YES or 2 for NO**

The system will ask you to record or enter the following:

- Your Recorded Name (First and Last Name)  
Press \* key when you are finished recording
- Directory (1 for Yes)
- Standard Greeting (Main Mailbox Greeting)  
Press \* key when you are finished recording
- Security Code (3 - 10 digits)

**Wait until you hear your voicemail ask you. If you are satisfied with these settings, press 1 for yes?**

When the Voicemail says GREAT! Your voicemail is now setup. Hang up, your voicemail is now setup and ready to be used.

### Sample Greetings:

Hello. You have reached the voicemail box of \_\_\_\_\_. Please leave your name, number & short message and I will call you back as soon as possible. If you need immediate assistance you can press '0' now. To bypass this greeting in the future press the star key.
